

CLUB EMBLEM

Clubs are sometimes requested to provide a club emblem on a stand for events such as fairs and camporees. The emblem can be carried by a standard bearer in parades, or placed prominently beside a club's team or camp site.

The emblems are usually made of masonite or plywood measuring 60 cm by 60 cm, and painted according to the diagram below. The name of the local Pathfinder club is substituted for the word "Pathfinder." The emblem is mounted on an upright pole approximately 1.65 metres long and 30 cm in diameter.
